Child and Youth Well-Being: A Webinar Series for Parents and Guardians

The Calgary Board of Education invites all parents and guardians to join us in an online series focusing on child and youth well-being. These sessions will be hosted in partnership with experts from Alberta Health Services and will explore topics such as vaping, brain development, mental health, and sexual health. CBE educators believe that parents and guardians can inspire their kids to make healthy lifestyle choices and increase protective factors – in order to do so, they need the right tools and information.

Well-being is a precondition for learning. As our understanding of student well-being continues to evolve, it is important for those that support children and youth to stay up to date on the same information so everyone can support student success.

The intention of the series is to advance student well-being by raising family and caregiver's understanding of a variety of health-related topics.

Truth & Reconciliation Commitment

As part of our ongoing commitment to Truth & Reconciliation Lord Beaverbrook High School, led by grade 10, 11 and 12 leadership students, have created a prominent display that honours Survivors, their families, and communities. This display consists of 215 pairs of children's shoes, each of which will symbolically represent one of the 215 children confirmed to be buried at the former Kamloops Indian Residential School in May 2021.

To support with this project, we are asking for donations of new or like-new children's footwear. Donations can be brought to the main office. We will be seeking the advice of Indigenous Elders to determine how long the display should remain. When the time comes to take it down, the shoes will be donated to local organizations who provide clothing to Indigenous youth in need.
