Child and Youth Well-Being: A Webinar Series for Parents and Guardians

The Calgary Board of Education invites all parents and guardians to join us in an online series focusing on child and youth well-being. These sessions will be hosted in partnership with experts from Alberta Health Services and will explore topics such as vaping, brain development, mental health, and sexual health. CBE educators believe that parents and guardians can inspire their kids to make healthy lifestyle choices and increase protective factors – in order to do so, they need the right tools and information.

Well-being is a precondition for learning. As our understanding of student well-being continues to evolve, it is important for those that support children and youth to stay up to date on the same information so everyone can support student success.

The intention of the series is to advance student well-being by raising family and caregiver's understanding of a variety of health-related topics.

Thank you for your time and consideration to join us: <https://cbe.ab.ca/about-us/school-culture-and-environment/health-and-wellness-in-school/Pages/child-and-youth-well-being-family-and-caregiver-series.aspx>

Sincerely,
David Sparrow

Truth & Reconciliation Commitment

As part of our ongoing commitment to Truth & Reconciliation Lord Beaverbrook High School, led by grade 10, 11 and 12 leadership students, have created a prominent display that honours Survivors, their families, and communities. This display consists of 215 pairs of children's shoes, each of which will symbolically represent one of the 215 children confirmed to be buried at the former Kamloops Indian Residential School in May 2021.

To support with this project, we are asking for donations of new or like-new children's footwear. Donations can be brought to the main office. We will be seeking the advice of Indigenous Elders to determine how long the display should remain. When the time comes to take it down, the shoes will be donated to local organizations who provide clothing to Indigenous youth in need.

Students on an Individualized Program Plan

MJ Sorensen does an amazing coordinating all the Individual Program Plans. She works out of a space called "The Learning Lounge" (room 108). If your student was a CBE student last year, all of the assessments, diagnosis, previous accommodations and strategies transfer to us and are visible to all their teachers. If you are new to CBE and have provided documentation from your previous school, that has been entered and is visible to all their teachers. Students requiring accommodations for exams (reader or voice typing for essays) should communicate that directly with their teachers, who set it up with me in the learning lounge. Teachers will be discussing accommodations and successful strategies with your student over the next few weeks. They will set a goal for the semester for the IPP. The main IPP goal in high school is for students to start advocating for their learning needs by communicating with their teacher. The IPP will be handed out on Friday October 13 for your review, changes, and additions. Student conferences are on Thursday October 19 (evening) and Friday October 20. I look forward to supporting your student this year. If there are any questions or concerns, please have your student come see MJ in The Learning Lounge.
